Feed-N-Wax®

Wood Polish & Conditioner

- Enhances the natural beauty and depth of grain in finished and unfinished wood
- Prevents drying and deterioration of all wood finishes
- Polishes all wood surfaces to a soft luster and protects with a coating of beeswax and carnauba wax
- Maintains the restored finish after using Restor-A-Finish
- Not intended for food-prep surfaces

Perfect for dry or water damaged cabinets.

Feed-N-Wax was developed to be the perfect follow-up to Restor-A-Finish when you want to maintain that “just-restored” look to your wood finish. Over time, wood furniture, cabinets, and especially antiques, tend to “dry out” and fade. Feed-N-Wax helps introduce conditioning oils that “feed” the wood, while leaving behind a protective coating of beeswax and Brazilian carnauba wax to polish and shine. Feed-N-Wax may be used whenever the wood or wood finish looks faded or dry.
